Dear Tony,

I'd like to introduce my hobbies about music and sports to you. Music plays an important part in my life. I listen to different music depending on how I feel. When I'm down, I listen to the songs with encouraging lyrics. When I'm tired, soft music is my first choice. As for sports, I like running best. I run three times a week to keep fit. Most of my friends share similar hobbies with me. We have the same musical tastes and often play sports together. It's really fun. Music and sports are not only good for our body and mind, they can also improve our relationship with friends.(97 词)
